Functionality

The concept of **dogreenart.com** website will have 2 sections. They are as follows:

1. Information section (CMS) and
2. Gallery where interested visitors can purchase the art (Shopping).

Below is the pictorial representation of the functionality of website:

```
Website
   │
   ├──────────► CMS
   │                │
   │                └──────────► # About Us
   │                             # News
   │                             # Event calendar
   │                             # Services
   │                             # Blog
   │                             # Contact Us
   │                             Etc…
   │
   └──────────► Shopping
                    │
                    └──────────► # View gallery
                                 # Select art
                                 # Pay
                                 # Purchase
```

Event Calendar

To let the visitor know about the events that we do we will be keeping the event calendar in the website.

Event calendar is nothing but a simple calendar where we feed the events that will take place in future. On clicking the specific date s/he can view the events that will take place.

For example

EVENTS

Aviana Asia 2011 – Kathmandu District, Kathmandu
When: Aug 18, 2011 – Sep 10, 2011
where: United World Trade Center, Kathmandu, Kathmandu District

Gaijatra 2011 (Cow Festival)
When: Aug 14, 2011 – Aug 14, 2011
where: Bhaktapur

Go to Event Calender

Maximum of top 3 recent events will be displayed in website home page as shown above and to find more events 'Go to Event Calendar' link to be clicked. On clicking 'Goto Event…' link the page shown below will open:

SEPTEMBER 2011

August 2011   October 2011

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
				01	02	03
04	05	06	07	08	09	10
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	

The date marked with red denotes that it has events. On clicking the marked date viewer gets the event information.

Public notice board
The information such as art shows, art class etc will be published here.

Art Shopping
For the shopping of the art when the buyer clicks on the respective art a webpage with multiple picture of respective art, artist name, country, art title, art information and it's price will be displayed.

On clicking the check out button for the purchase of the art it will redirect to paypal for the transaction. Once the buyer completes the paypal transaction a notification will be mailed to you by the website.

With administrative module we can view the order and sales information.
